About me

I'm Ali, a programming enthusiast exploring my way into the coding world. Currently, I'm studying English at Al-Azhar University while learning to code and build my skills. My goal is to become a freelancer and an entrepreneur, sharing my journey through a YouTube channel.

Education

First-year student in the Faculty of Education, English Department at Al-Azhar University.

Experience

For now, I don't have any experience yet, but I am learning to gain it very soon.

Skills

Software:

Visual studio code, CapCut, Word, Adobe premiere pro, Kinemaster.

Soft skills:

I don't have soft skills for now, but I will learn them very soon.

Languages:

Arabic (native), English (A2).
